

Installing Citrix Workspace for Windows

In this post, I am going to show you install steps for Citrix Workspace. Download version 2305 from here <https://www.citrix.com/downloads/workspace-app/windows/workspace-app-for-windows-latest.html>

Make sure to add user to Local Admin first and then login as user to start the install. If you don't make user as Local Admin it causes a lot of issue later.

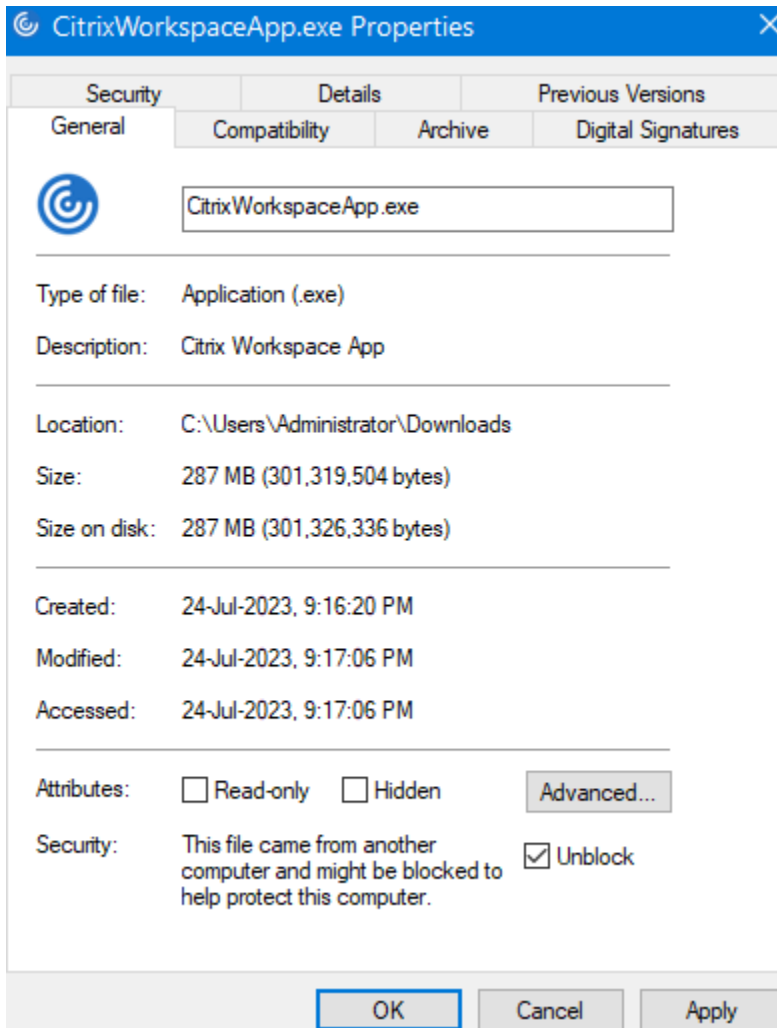

Compatible with

Windows 11, 10 as well as Windows Server 2022, 2019, 2016.

Name	Date modified	Type	Size
 CitrixWorkspaceApp.exe	24-Jul-2023 9:17 PM	Application	294,258 KB

Unblock the app

Workspace

citrix

Welcome to Citrix Workspace

Citrix Workspace app installs software that allows access to virtual applications that your organization provides, including software that allows access to the applications that use your browser.

- Allow applications access to your webcam and microphone.
- Allow applications to use your location.
- Allow access to local applications authorized by your company.
- Save your credential to sign in automatically.

Click **Start** to set up and install Citrix Workspace app on your computer.

Enable Single Sign-on

When enabled, single sign-on remembers your credentials for this device, so that you can connect to other Citrix applications without having to sign in each time. You should do this only if your IT administrator has instructed you to. This will take effect the next time you log on to this device.

Enable single sign-on

For more information on configuring single sign-on, please see article CTX133982 at citrix.com/support.

About

Version 23.5.1.83(2305.1)
© 2023 Citrix Systems, Inc. All Rights Reserved.
[Third Party Notices](#)

Here you can associate .ica file type to Citrix connection manager. You can also open with from here

Name	Date modified	Type	Size
WebHelper.exe	23-Jun-2023 7:40 AM	Application	1,623 KB
wfcrun32.exe	27-Jun-2023 10:38 PM	Application	5,342 KB
wfcwow64.exe	27-Jun-2023 10:43 PM	Application	53 KB
wfica32.exe	27-Jun-2023 10:37 PM	Application	8,524 KB

So when user open Citrix link from their browser favourites - .ica file will download and you can open with Citrix workspace or Citrix Connection Manager depending on your requirement. This is what we did for some of the user during T490 deployment.

Thanks
