Offline Windows ADK download for Windows 11
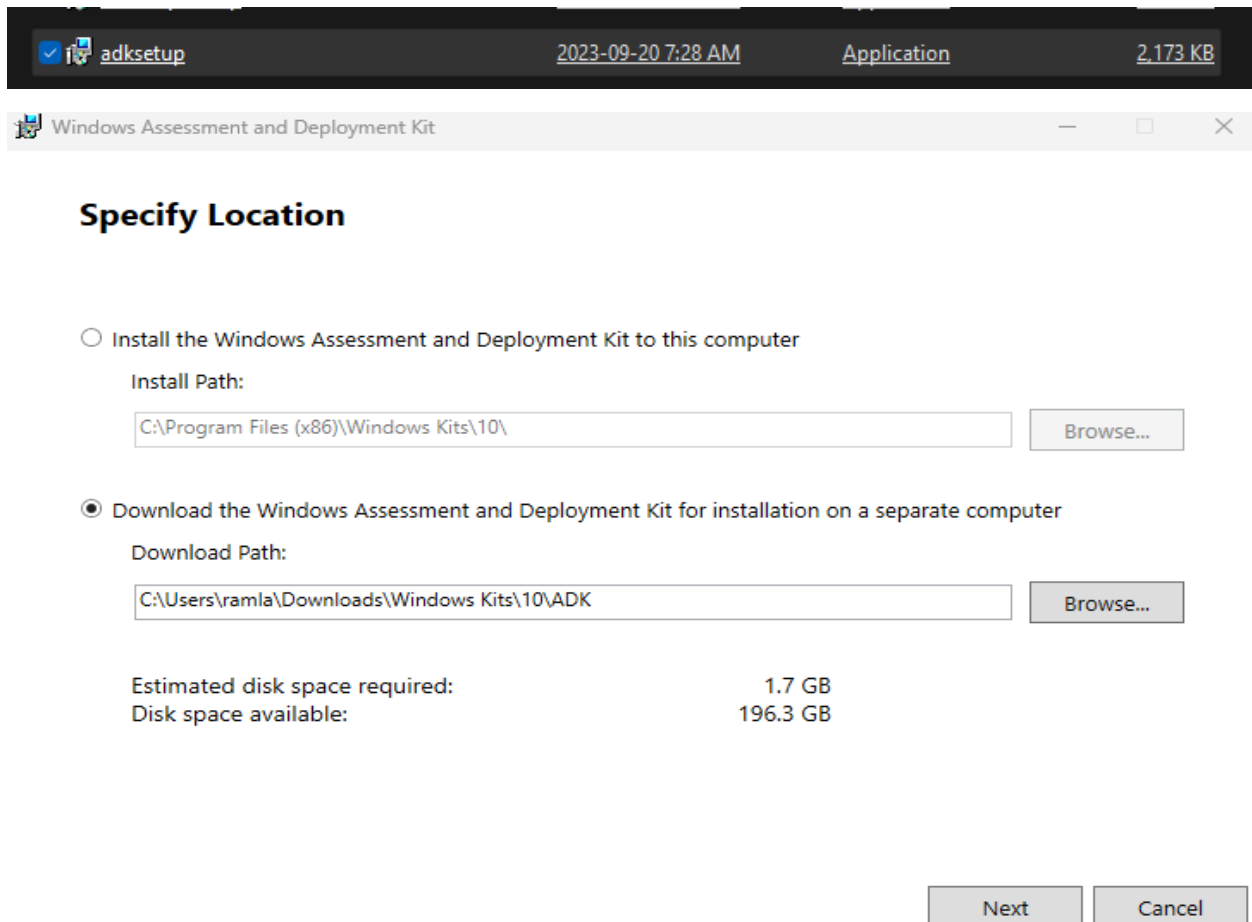

In this post, I am going to perform offline download of Windows ADK for future use.

You can download ADKSetup file from here https://learn.microsoft.com/en-us/windows-hardware/get-started/adk-install#download-the-adk-for-windows-11-version-22h2-updated-september-2023

You can use the Assessment and Deployment Kit for Windows to install Windows 11 and Windows Server 2022.

- Get the Windows ADK:
  - Download the Windows ADK ⧉ for Windows 11, version 22H2 (updated September 2023)
  - Download the Windows PE add-on for the Windows ADK ⧉ for Windows 11, version 22H2 (updated September 2023)

Windows Kits Privacy

Windows Kits collects insights about how our customers use Microsoft programs and some of the problems they encounter. With these insights, Microsoft drives improvements to Windows and Windows Server to improve application and device driver quality. Insights help us to quickly identify and fix critical reliability and security issues with applications and device drivers on given configurations. For example, we can identify an application that hangs on devices using a specific version of a video driver, allowing us to work with the application and device driver vendor to address the issue. The result is less downtime, reduced costs, and increased productivity associated with troubleshooting these issues. Participation in the program is voluntary, and the end results are software improvements to better meet the needs of our customers. No code or software produced by you will be collected.
